best design tip:

surround yourself with things that make you happy. and plants, lots of plants.

favorite pattern:

arabesque, southwestern, paisley, ogee, calico, damask, palmette, tessellations, stripes, dots, anything geometric or found in nature.

best advice:

be yourself; let your creativity run wild.

hidden talent:

i'm the undefeated boggle champion in my family.

if it's the last thing i do...

i'll put an airstream in the air. i'm not crazy, you'll see.

trip of a lifetime:

everywhere + everything – i've got an unquenchable thirst for culture, history and food. and then the final frontier... space.
