**best design tip:**

if you want to know if your idea works, don't just try to figure it out in your head, draw it. always keep an eye out for inspiration everywhere. it could be in a film, nature, an old print or photo that could spark the idea that leads to your perfect design solution.

**favorite pattern:**

how can you pick just one? I like seeing new interpretations/twists on historical patterns.

**best advice:**

always do everything to the best of your ability be it a large or small task.

**hidden talent:**

floral arrangements and tablescapes with whatever is on hand.

**if it's the last thing i do...**

i will be involved with the design of a film set

**trip of a lifetime:**

an around the world adventure starting in ireland, scotland, london, + amsterdam. then back to london taking the orient express to venice, followed by capri, positano, barcelona + madrid. next, australia, new zealand, + then east to los angeles. in a perfect world, i'd just keep traveling having new adventures!
