BEST DESIGN TIP:

If you are ever in a creative rut, break up your routine and try something new, go outside, or take a quick trip. Inspiration can come from some of the least expected places.

FAVORITE PATTERN:

Patterns that are formed or inspired by items found in nature are my go-to picks every time.

BEST ADVICE:

Do things that push you outside of your comfort zone.

HIDDEN TALENT:

I have over 75% of the musical Hamilton memorized.

ME IN ONE WORD:

Adventurer

MOST INSPIRING TRIP:

Traveled with my family to the PNW, visited Seattle, Olympic National Park and then Victoria, British Columbia.

CID VALUE I MOST ALIGN WITH:

Playful! I derive immense joy from eliciting laughter and crafting cherished memories through the art of play and amusement.
