BEST DESIGN TIP:

Establish the big idea and commit to it.

FAVORITE PATTERN:

The Carolina Lowcountry from 5,000 ft above.

BEST ADVICE:

Do all the little things right all the time. The big things will naturally take care of themselves.

HIDDEN TALENT:

I can chop down a tree, pull off my gloves, then tie a French braid.

IF IT'S THE LAST THING I DO...

I will check my last box. I have a lot!

TRIP OF A LIFETIME:

San Miguel de Allende, Mexico with my love.
